CHIN-LUN LEE

Chin-Lun Lee is a picture book writer and illustrator. She received her M.A. in illustration from the Royal College of Art.

Her work has won many accolades, including Best Children's Book of the Year from the Openbook Awards, Editor's Choice from Amazon.com, featured author from Eslite's online magazine, and Author of the Year from the China Times weekly book supplement.

For years, Lee has devoted over half of her time to the animals around her. At first it was mostly dogs, but eventually there were more and more cats. Her observations of the animal-human relationship, and how they act around each other, have inspired her works. She hopes that her books can reach adult readers as well as children, saying that she hopes to "change how people think of and treat animals, in a quiet, gentle and non-abrasive way."

Her published works as an illustrator include: *No. 39 Animal Surgery*, *Paw in the Surgery*, *Love Forever*, *The Light from a Window Seat*, *Talking About Cat*, *Every day is a Good Day*, *What Chubby Cheeks Taught Me*, and *That's How We Love Them*. Her published works in the children's picture book category include: *Spit the Seeds*, *23*, *Uncle Wolf*, *Close the Door Gently*, *The Very Kind Rich Lady and Her One Hundred Dogs*, and *Good Dog, PAW!*

Digital Publishing

Digital media no doubt vivaciously exists alongside conventional forms of publishing. The use of digital technology has advanced Taiwan's publishing industry into new areas - an exquisite art book and interactive educational robot as examples.

Publicaciones Digitales

Los medios digitales coexisten de forma indudable y magnífica con las formas convencionales de publicación. El uso de la tecnología digital ha hecho avanzar a la industria editorial de Taiwán en nuevas áreas como la producción de los más exquisitos libros de arte y la creación de robots educativos interactivos.

Deathigner – A warm story about a little grim reaper luckily having great talent for fashion design.

Make the cold death world full of colors. This is the belief held by artists creating the splendid short animated film – *Deathigner*. Along with the popularity of the highly regarded animation, the *Deathigner Art Book* reveals all the works and thoughts behind the film, sketches and storyboards included.

AMPUS Technology Co., Ltd. (www.ampus.com.tw) provides design and production service to the customer who adopts electronic device as a tool in reviving printed contents to cope with the tech-savvy trend. AMPUS supplies quality of optical identification devices, i.e., coding education robot and reading pens/talking pens. AMPUS Tech has an experienced senior team in developing related products more than decades and manufacturing in Taiwan.

CEOID (Coding Education Optical Identification Device) robot is designed for content publishers who are interested in bringing Computational Thinking (CT) into products. With two OID modules, players could not only give robot command cards step by step or in sequence as coding to program, but also content cards to gaming or learning.

Computational Thinking (CT) is one of the essentials for all to solve problems in today of the cyber world. It is not discipline but a process or thinking which apply to all disciplines. This robot is developed both plugged and unplugged activities of play & learn by command cards input and plugged activities wherein to work with the app through smartphone/tablet or laptop.

AMPUS Technology collaborated with the publisher and educator to come up with various contents or curriculums, starting with Kindergarten players. This book as an example that gives players concept of environmental protection as the theme of outer

space adventures via tasks at 3 level of difficulty with the computational thinking process.

Users of products shall benefit from computational thinking exercise to build the capability to tackle many problems in daily life. Publishers could revive contents to deal with new demand in digital computation world. Educators would have an additional tool to generate more lively and creative atmosphere in the classroom.

No Hereafter

沒有來生

If, men on earth descended from apes, there must be men descended from other species, for example...dinosaur. All species have a chance to become human beings.

To meet other human beings descended from dinosaurs, to have good friends, to live, to fight, to... have a fantastic journey.

Programa de becas editoriales para traducciones al español y al portugués 2018

I. Organizador: Taipei Book Fair Foundation

II. Propósito

En su afán de promover e incentivar la traducción y edición en el extranjero de publicaciones originales taiwanesas, Taipei Book Fair Foundation (en lo sucesivo, "TBFF") convoca el Programa de becas editoriales para traducciones al español y al portugués 2018 a fin de impulsar la venta de derechos de títulos taiwaneses a nivel internacional.

III. Destinatarios

Editoriales o agencias literarias (personas jurídicas) extranjeras registradas legalmente en sus respectivos países en conformidad con lo estipulado por las leyes y regulaciones pertinentes.

IV. Condiciones

1. Solo podrán solicitarse ayudas para traducir y editar publicaciones originalmente taiwanesas, creadas por un autor y/o ilustrador taiwanés (con nacionalidad de República de China).
2. Los derechos de traducción y publicación en español o portugués deberán haber sido cedidos por una editorial taiwanesa o por el autor/ilustrador taiwanés.
3. Los proyectos verificados deberán publicarse antes del 20 de noviembre de 2020 (según la fecha determinada en la página de derechos de autor) para recibir la ayuda íntegra. Deberá especificarse en la página de derechos de autor u otra parte prominente del libro que la obra ha sido patrocinada por la TBFF.

V. Solicitud

El período de solicitud termina el 20 de noviembre de 2019. Debe hacerse en línea.

Primer paso: cumplimentación del formulario de solicitud

Haga clic aquí para acceder a nuestro formulario de solicitud. Solo una publicación por formulario.

Segundo paso: provisión de copia digital del contrato firmado

Por razones de confidencialidad, deberá enviarse copia del contrato firmado a la dirección electrónica international@taipeibookfair.org antes del 20 de noviembre de 2019. El asunto del mensaje deberá incluir las palabras "2018 Spanish & Portuguese Publishing Grant Application" seguidas del título del libro. En caso de preferirlo, se podrá ocultar la cantidad económica por la que se concede la autorización. Las solicitudes se considerarán completadas y confirmadas solo después de que TBFF haya recibido ambos documentos.

Tercer paso: verificación

TBFF revisará los documentos presentados para, atendiendo al número total de páginas del libro, la tirada inicial prevista y las demás condiciones estipuladas en el contrato, fijar la cantidad económica a satisfacer.

Cuarto paso: notificación

Dentro del plazo de un mes a partir de la fecha de recepción de la solicitud, TBFF enviará una carta de confirmación haciendo acuse de recibo de la solicitud y, en su caso, comunicando la cantidad económica que decide destinar a la financiación del proyecto.

Quinto paso: envío postal

A la publicación del libro traducido, deberá enviarse lo siguiente:

1. **5 copias físicas** del libro traducido por correo postal a TBFF:
2018 Spanish & Portuguese Publishing Grant Program
10F, No. 180, Sec. 1, Keelung Rd., Xinyi Dist., Taipei 110, Taiwan
2. **Una factura por correo electrónico** a cargo de TBFF que incluya:
 - (1) El nombre de la empresa editorial
 - (2) El concepto "2018 Spanish & Portuguese Publishing Grant Program" más el título del libro traducido
 - (3) La fecha de emisión
3. **Un correo electrónico con los datos para la transferencia bancaria** a TBFF, incluyendo:
 - (1) Nombre del banco
 - (2) Nombre de la sucursal
 - (3) Nombre del titular de la cuenta
 - (4) Número de cuenta
 - (5) Código SWIFT
 - (6) Dirección física de la sucursal

Sexto paso: abono de la ayuda

TBFF proporcionará el monto total de la ayuda transcurrido un mes de la recepción de las copias impresas del libro o libros traducidos.

VI. TBFF se reserva el derecho a modificar las normas del proceso de solicitud en caso de estimarlo necesario.
